My dear Mr. Lummis:--

I fear you will think that our local chapter is rather negligent in attending to financial matters but I was called away from home on account of illness just before your letter arrived so it did not reach the chapter until last month. I am enclosing a money arder to cover the amount of the account enclosed and wish to thank you for the characteristic autograph you so cohsiderately inscribed in each. Our chapter is greatly interested in you new book of old California songs and are hoping to study it in our next year's programme. Thanking you again for your attention and patience I am

sincerely yours
